

Father of Youth Shewed Out by Army

MANNHEIM, Germany (AP)—The U. S. Army has shewed out the colonel whose 11-year-old son shewed out some of his father's troops during an inspection.

The Army announced Wednesday that "letters of admonition" were sent to Col. K. E. Jurgens, 47, of Washington, D. C., who commands the 77th Support Command in Germany, and one of his officers, Lt. Col. J. E. Danner of Anguilla, Miss., the commander of the 71st Ordnance Battalion.

The Army said an investigation supported complaints by enlisted men in the battalion that they had to stand inspection by the colonel's son Richard.

The boy, dressed in a lieutenant's uniform complete with decorations, swagger stick and note pad, tore apart a soldier's display of clothing during one company inspection, held up a parka and shouted to the first sergeant, "This guy doesn't have a patch (unit shoulder patch)." His names is Holmes, H-O-L-M-E-S.

Frisco Would Cut Passenger Service

ST. LOUIS (AP)—The Frisco Railroad plans to ask the Interstate Commerce Commission for permission to discontinue its last two passenger trains between St. Louis and Memphis.

The trains make one round trip daily between the two cities.

Railroad officials said the line has lost about \$80,000 a year on the runs since 1957.

In Arkansas the trains make regular stops at Joiner, Wilson, Osceola, Luxora and Blytheville—in addition to a number of flag stops.

The railroad said eight bus lines in the area could handle passenger traffic.

On Oct. 16, 1940, approximately 16,400,000 men were registered for U. S. Armed Forces under the Selective Service Act.

Power Territorial Dispute Appealed

LITTLE ROCK (AP)—An Arkansas Public Service Commission decision on a territorial dispute between public and private power companies at Forrest City has been appealed to Circuit Court here.

The commission ruled the Arkansas Power and Light Co. was entitled to provide power for a lock manufacturing plant at Forrest City. Woodruff Electric Co-operative protested the decision.

The Arkansas State Electric Cooperative Corp., of which Woodruff is a member, intervened in the case at Woodruff's behalf and joined in the appeal yesterday.

The dispute arose in 1956 when Forrest City annexed the area.

25 Escape Injury

BALTIMORE (AP)—Twenty passengers and five crewmen escaped injury Wednesday night when the Landing Car of an American Airlines DC-6 collapsed as it landed at a new terminal at Friendship International Airport.

Airport police said the plane veered off the runway into a snowbank and that may have helped prevent injury.

Would Ban Outer Space Weapons

By MICHAEL GOLDSMITH
GENEVA (AP)—U. S. delegate Frederick M. Eaton asked the 10-nation disarmament conference today to agree at once on the banning of weapons in outer space.

He also called for auditing of missile flights and a halt in production of nuclear materials for arms.

Eaton told the delegations that such steps would give an impetus to their work in seeking general disarmament. He warned that the final banning of all weapons would not be accomplished all at once like the legendary birth of Venus Anadyomene from the sea.

He said he believed the conference could take steps now to deny the use of outer space to weapons of mass destruction forever.

A reporting of missile flights to some center which would keep track of them would ease the chance of miscalculations that might start a war, he said.

The Western powers say they are seeking a disarmament pact before scientists can develop nuclear armed space satellites.

Speaking in the two-hour second working session, Eaton said the conference should move at once into the problem of nuclear material.

He said something should be done about the vast production of these materials and added that if production was stopped a way would be open to moving on to the transformation of these materials for peaceful uses.

He warned the five Communist powers—the Soviet Union, Czechoslovakia, Poland, Rumania and Bulgaria—that it is futile for them to believe that the United States would ever enter any general disarmament agreement which failed to contain general elements of control.

He criticized the four-year deadline in the rival Soviet plan. It would be impossible, he declared, to accomplish responsible disarmament while working against such a deadline. He said Western powers are prepared to move ahead as fast as an agreement can be arranged.

The United States, Britain, France, Italy and Canada put forward their plan with the greatest seriousness, he said.

Eaton did not go into detail concerning early agreements on outer space, missiles and nuclear production.

The Communist delegations, led by Soviet Deputy Foreign Minister Valerian Zorin, hold that the ultimate aim is "complete and general disarmament," as stated in a resolution of the U.N. General Assembly.

Says Crime Rates Higher Among Negro

WASHINGTON (AP)—The per capita crime rate is higher among Negroes than among whites, Sen. Richard B. Russell (D-Ga.) told the Senate yesterday.

Russell quoted from an FBI report which he said showed that "of a total of 2,340,000 persons arrested for major crimes during 1958, 1,583,070 were white and 696,209 were colored."

"In other words," said Russell, "Negroes, who make up about 10 per cent of the population total, accounted for about 30 per cent of the criminal offenses in 1958."

"The figures for murder are even more shocking," Russell continued. He said the FBI report listed 1,427 Negroes arrested in 1958 for murder or non-negligent manslaughter, compared to 840 whites arrested for such offenses. He said that meant 60 per cent of the arrests came from 10 per cent of the population.

For Arkansas, the report quoted by Russell covered the Little Rock-North Little Rock area. It said that of seven arrests for murder, six—or 84 per cent—were Negroes, who account for only 24 per cent of the population.

Adopted Son Held in Father's Death

SYRACUSE, N.Y. (AP)—A 13-year-old Boy Scout, an adopted son behind in school, was held today in the pistol death of his father, a contracting executive who demanded higher marks from the boy.

"I'm not the worst student in the world, but my father wanted me to be the best in every thing," seventh-grader Robert Fairbank was quoted as saying when police who had been hunting him found him with a loaded pistol near a park.

The father, Leon Fairbank, 56, was shot to death Wednesday night in his spacious home in suburban Onondaga Hill. His wife, Helen, found his body in the bathroom.

Mrs. Fairbank, who had been attending a church service said the boy was behind in his studies and the two apparently had argued over a mathematics problem, sheriff's deputies reported.

Fairbank was shot in the back and head.

8 Trucks Respond

DETROIT (AP)—Eight fire trucks responded to her false "This drunk was pawing me," the 42-year-old woman said. "The

alarm. But to Bertha Kingny's way of thinking it was an emergency situation.

"This drunk was pawing me," the 42-year-old woman said. "The

sign on the alarm box said for emergency use only. My skirt threatened to come down and I figured it was an emergency, so I pulled the lever and the trucks came.

Recorder's Judge Frank R. Schemanske convicted her of turning in a false alarm.

Liner Is Launched

BELFAST, Northern Ireland (AP)—The Canberra, a 45,000-ton British ocean liner of revolutionary design, was launched today by Mrs. Robert Menzies, wife of the Australian prime minister.

The ship is the largest built in the United Kingdom since the 83,673-ton Queen Elizabeth slid down the ways in 1940. Although only slightly more than the weight of the Elizabeth, the Canberra can carry approximately the same number of passengers—2,250.

The vessel was lightened by the liberal use of aluminum.

Red Visits Poland

WARSAW, Poland (AP)—Janos Kadar, boss of the Hungarian Communist party, arrived here today at the head of a delegation for an official visit.

The mature years bring their own special kind of beauty. But make no mistake, it's not the beauty of youth nor should you want it to be. It depends on careful grooming, pretty clothes suitable to your years and attention to both diet and exercise. This attractive grandmother (left) looks neat and pretty even though she's busy with the family laundry. Hair clips are concealed beneath a fluffy cap of nylon ruffles. She takes care of her potted plants the year round. But she takes care of her hands before her indoor gardening (center). Here, she scrapes her nails over a cake of soap to prevent grime from getting under them. Skin grows dry as the years go by. It needs constant creaming with a rich, dry skin cream. This mature beauty is also careful (right) to remove stale make-up with warm water and soap suds. Then she rinses with more warm water and follows up with a splash of cold water. She pats her face dry with a thick terry towel.

DOROTHY DIX

Tippling Father Presents Problem

Dear Dorothy Dix:

Every time my boy friend calls, my father comes home drunk. Sometimes he'll say something insulting and sometimes he doesn't. My boy friend said that he doesn't mind, but I feel awfully embarrassed. I've pleaded with my father to stop but he won't. I've even said that I'd leave home, but I won't on account of my mother, and he knows it. Could you please tell me and other girls in similar predicaments, how to solve this problem—Carol

Dear Carol: All the talk in the world won't reform your father. Alcoholism is a disease, not a moral issue.

Alcoholics Anonymous is best qualified to handle the problem. There are groups in almost every town. Check your local telephone book for the address. And hang on to that boy friend. He must be a very understanding guy.

Dear Dorothy Dix:

I am 18. My step-mother tells me to get a boy friend but when I get one she breaks us up. I was engaged to a boy I love very much. My step-mother said she would sign the license. When we got our blood test and everything ready for the wedding, she wouldn't sign for us. Now I am going with someone else and she is trying to break us up. I need your help.—A Friend

Dear Friend: I am sending you my leaflets on "Step-children" and "Cautious Parents." Take the wind out of your step-mother's sails by passing up the boy friends for awhile. Go in for self-improvement instead. Your handwriting and misspelling indicate need for further schooling.

Dear Dorothy Dix:

I have been going with a fellow eight months. I love him, he says he loves me just as much. I don't have a reason to doubt him, but my friends keep reminding me, that he had wanted to marry another girl a few years ago. I have talked this over with his mother and she said she had believed he has just about for-

TV Strike Looms

HOLLYWOOD (AP)—A sizeable section of the television industry are scheduled to be struck by the Writers Guild of America at midnight Friday.

The guild Tuesday ordered members who write freelance scripts for TV films to strike NBC, CBS and ABC. The writers seek payment for foreign use of TV films as well as increased payment for domestic reruns.

Audience Small

JERUSALEM (AP)—Billy Graham preached to one of the smallest audiences of his African-Middle East tour Tuesday night in this ancient city of Christ's crucifixion.

Slightly more than 1,000 listeners heard the American evangelist.

nt Office by The Bell Syndicate. (Released by The Bell Syndicate)

in the Lutheran church inside the walls of Jordan-controlled Old Jerusalem. Only about 75 made decisions for Christ.

The crowd was sympathetic but lacked the enthusiasm of some 10,000 Egyptians who heard Graham in Cairo Sunday night. In this religious center of many denominations, evangelism is not new.

Has to Pay Way

CAMBRIDGE, Mass. (AP)—Now an escaped prisoner, if captured, can be charged the cost of bringing him back behind bars.

Take the case of burglar Ronald Miles, who escaped Massachusetts Reformatory in 1958. He was arrested at Jefferson City, Mo.

Superior Court Judge Frank J. Donahue Tuesday ordered Miles to pay \$50 in \$50 monthly installments the cost of returning him to Massachusetts. Repayment begins after he completes a five-year term for burglary.

Relatives Prepare to Bury Miners

LOGAN, W. Va. (AP)—Nymph from nine days and nights of worry and mourning, relatives today prepared to bury the first of 10 men who suffocated from a mine fire.

Two men still were missing somewhere deep in Halden 22 mine. Families and rescue workers have given up hope they will be found alive, but work teams continued the search.

All 11 were trapped March 6 when a slate fall tumbled off a smoldering fire and more rock falls that piled up a flaming barrier 200 feet long in the Island Creek Coal Co. mine.

Sixteen of the 18 men left widows. They also left 77 children in all, nine of them in the family of Roy Lee Dempsey, veteran 50-year-old miner.

There were no plans for a mass service or funeral. The first service was scheduled for today at 2 p.m.

The last of the 16 bodies recovered were identified early today. They were William E. Donahue, 55, division safety engineer for Island Creek and Jim Landis, about 23, an industrial engineer who happened to be making an inspection when the tragedy struck.

A meal to feed animals is ground from scrap left by cleaning shrimp and other sea products.

Louisiana Race Winner Heads Oaklawn Field

HOOT SPRINGS, Ark. (AP)—Ken and Tony Graff, winner of the Louisiana Derby, head a field of 35 top three-year-olds nominated for the 24th running of the \$25,000 Arkansas Derby at Oaklawn Park.

Vital Force was flown to Oaklawn Monday from Santa Anita Race Track in California. Tony Graff arrived yesterday from New Orleans.

Oaklawn Racing Secretary Allan Lavin said it was possible both horses might run in a derby prep scheduled Saturday.

Vital Force first broke into the winner's circle at Oaklawn last year. He went on to take five stakes victories and collect \$182,083 for his owners.

Tony Graff is owned by Anthony Graffagnini.

The Derby, usually the climax of Oaklawn's meeting will be run March 26, a week before this year's meeting closes. An extra week was added because of weather postponements, but the Derby date was not changed because of previous commitments to owners.

Deadline for nominations was midnight Monday.

Lopez Thinks White Sox Can Again Win

By JACK HAND
Associated Press Sports Writer

SARASOTA, Fla. (AP)—Al Lopez thinks his Chicago White Sox should again win the American League pennant with the added power of Minnie Minoso and Gene Freese, and a full season from Ted Kluszewski.

The White Sox manager believes he has added some boom-boom to the go-go of last season when his club won its first pennant in 40 years by five games, with only 97 home runs and a team batting average of .250.

"A year ago at this time we didn't have Minnie, Freese or Klu," said Lopez. "I think we im-

Syracuse, N.Y. (AP)—"I'm tired of coaching here. I have no quarrel with anybody. I simply want to get out of the Syracuse picture," Paul Seymour said.

That ended Seymour's 13 years as a player and coach with the Syracuse Nationals of the National Basketball Assn.

Seymour, who suddenly announced his resignation Wednesday night, said he had no immediate plans.

He joined the Nats in 1947 and succeeded Al Carvi as coach early in the 1956-57 season. In three seasons, Seymour's teams won 115 games and lost 124. The Nats were third in the Eastern Division this season.

Striker (12-8) at San Diego and Rodolfo Arias (2-0) as the cardinals. Ray Moore (36) Ken McBride (115) at Indianapolis and 36-year-old Mike Garcia (3-4) at Cleveland are the others who may figure in Lopez's plans.

Next: Detroit.

Cincinnati Out to Win in California

SAN FRANCISCO (AP)—Cincinnati's top ranked basketball team, all business on the eve of the NCAA basketball championship, won't see much except their hotel and the Cow Palace on this trip to California.

"We didn't come here to sight-see," Coach George Smith said Wednesday night when the Bearcats arrived by charter plane. "We've got a job to do."

The plane was late getting in, but Smith hustled his troops, led by All-American Oscar Robertson, to the new University of San Francisco gym for a workout. Dinner could wait.

Ohio State, Big Ten champions and New York University, the sleeper in this basketball spectacular, arrived today and will work out in the evening on the Cow Palace floor.

The two squads meet in the opener Friday night.

Then comes the Cincinnati-California game. Both teams have 27-1 records. Cincinnati, whipped by the defending champion Bears in the semifinals last year, wound up the season ranked the best team in the nation. California was rated No. 2.

Jeffery Figures He Learned Lesson

CLEVELAND, Ohio (AP)—Ar-ticulate Leroy Jeffery of Detroit figures he learned enough Wednesday night from wily Ike Chestnut to reverse the 10-round decision he lost to the veteran New Yorker in a televised (ABC) fight.

The two featherweights, last-minute substitutes in the main event as a knee injury to Mike Doolan of Syracuse erased his bout with Zora Polley of Chandler, Ariz., put on a whole of a scrap. Each weighed 130.

Jeffery, the 23-year-old ex-collegian, almost won it all. He sank a left hook into Ike's mid-section in the seventh, bringing a combined whine and moan from the New Yorker who backed away Chestnut.

Beebe Meets Cameron Five in Tourney

HUTCHINSON, Kan. (AP)—Arkansas State Junior College meets Cameron, Okla., A&M tonight in the quarterfinals of the National Junior College basketball tournament here.

Hutchinson and Tyler, Tex., advanced to the semifinals in games played yesterday.

Hutchinson stayed ahead all the way to defeat Lindsey-Wilson of Columbia, Ky., 91-71, and Tyler broke the game open after a 12-all halftime to beat Chipola of Marianna, Fla., 103-60.

Hutchinson and Tyler will lackle each other in the semifinals Friday night.

In other games yesterday Pueblo, Colo., stayed alive in the losers' bracket by winning an 82-81 thriller from Phoenix, Ariz., in the final 25 seconds; and in the first round, winner's bracket, Parsons, Kan., whipped Broome Tech of Binghamton, N.Y., 63-50, and Grand View of Des Moines romped to a 92-65 verdict over Lewisburg, N.C.

Thursday's pairings:

First round losers bracket:

Jeffery tore in, landed two more to the same spot and Ike was down for a six count. He got up, badly hurt, weathered the round and went on to win a close but unanimous decision.

Judge Bill Tomson voted 4-44, Judge Charles Bill 46-44, referee Tony Labranche 46-44, and The Associated Press 46-45 — all for Chestnut.

Warren Spahn Shows No Sign of Slipping

By BEN OLAN
Associated Press Sports Writer

Charley Dressen, the new Milwaukee manager, has to iron out a few problems before the Braves open the National League baseball season next month. But there's one fellow he has little to worry about—Warren Spahn.

Spahn will be 39 next month. He has won 207 big league games. He joined Sam Jones of San Francisco, Early Wynn of the Chicago White Sox and teammate Low Burdette in the 20-game bracket in 1950.

Spahn shared the star roles with Pittsburgh pitchers Benito Danties and Jim Umbricht in Wednesday's exhibition action. He pitched five scoreless innings as the Braves handed the White Sox their first setback 4-2.

Danties and Umbricht, both right-handers, combined for a no-hitter in Pittsburgh's 5-0 victory over Detroit. Danties worked five innings and Umbricht four.

In other games, the New York Yankees downed Washington 1-0, Kansas City walloped Baltimore 8-1, San Francisco edged the Chicago Cubs 7-0 on Hobie Landrith's 11th inning homer and the Boston Red Sox, led by Frank Malzone, whipped Cleveland 4-2. The Los Angeles-Cincinnati and St. Louis-Philadelphia games were canceled because of bad weather.

Red Schoendienst, who Dressen hopes will solve his second base problem, got his first hit of the spring for Milwaukee. It came during a three-run second inning off Barry Latman.

During the Indians - Red Sox game, the club's general managers Frank Lane of Cleveland and Buckey Harris of Boston, completed a three-player trade. Catcher Sammy White and first baseman Jim Marshall moved to Cleveland in exchange for catcher Russ Nixon.

The third shows movies currently playing at theaters—with no commercials or interruptions. Cost varies from 50 cents to \$2, depending upon the event. The home viewer just deposits the money in the coin box attached to his set. The box then unscrambles the picture.

The President's proposals face uphill going in Congress. Eisenhower has been trying without much success since 1953 for liberalization of the immigration quota system.

"The strength of this nation may be measured in many ways—military might, industrial productivity, scientific contributions, its system of justice, its freedom from autocracy, the fertility of its land and the progress of its people," Eisenhower's message said.

"Yet no analytical study can so dramatically demonstrate its position in the world as the simple truth that here, more than any other place, hundreds of thousands of people each year seek to enter and establish their homes and raise their children."

Eisenhower called for action at this session of Congress, saying it is urgently needed.

In urging that the number of immigrants be doubled over the annual quota of 154,000, Eisenhower called specifically for removal of the ceiling of 2,000 on quotas within the Asiatic-Pacific triangle—an area which includes such countries as Japan and nations of eastern Asia.

The effect would be to place these countries on the same basis as others around the world so far as immigration to the United States is concerned.

The program also calls for:

1. Basing the overall immigration limitation on the 1960 census figures as soon as they are available, instead of on the 1920 census as at present.
2. Annual acceptance as immigrants of one-sixth of one per cent of total U. S. population. That amounts to roughly 300,000.
3. Abandonment of the concept of race and ethnic classifications within U. S. population, for the purpose of computing the proposed new quotas. Eisenhower proposed a new base—the number of immigrants actually accepted from each area between 1924 and 1959.
4. Unused quotas of under-subscribed countries would be distributed among countries with plumed the lodge to check up. as Bennett.

The attorney general gives nothing to the governor in the matter of racial attitudes. Bennett has stated firmly he opposes even the token amount of integration already achieved in the state and will move to "de-integrate" Arkansas if elected.

Faubus continues to refer to himself more as a champion of states rights than as a segregationist. He is unalterably opposed to what he calls "forced integration," and he permitted schools at Fayetteville, Bentonville, Charleston, Hoxie, Fort Smith and Van Buren to desegregate without taking any action.

The governor stepped in, however, to block entry of nine Negroes to Little Rock Central High School in 1957, touching off a controversy with international implications.

Bennett bases his appeal for the segregationist vote on his legal attacks on the National Assn. for the Advancement of Colored People. While Faubus was devoting his attention principally to matters concerning school integration Bennett moved against the NAACP in almost all fields.

The attorney general pushed a package of anti-NAACP laws through the 1958 special legislative session Faubus called to deal with the Little Rock school crisis. Bennett wrote about 12 more such laws for the 1959 special session and promised more if they are needed to keep the Negro organization in check.

Faubus, 50, was no newcomer to state government when he came out of Madison County in 1954 to upset Cherry in a runoff. He has served in the administration of former Gov. Sid McMath, holding at one time the position of Highway Director.

Bennett made only one bid for state office before he won the attorney general's job in 1957. He ran for secretary of the state and lost to the veteran who still holds the post. C. G. Hall when Bennett was in his early 20s. He served as prosecuting attorney in the 13th district before running for his present job.

Bennett, a dapper dresser with distinguished looking grey hair, presents a contrast to Faubus, who often reminisces about his hill background and spices his speech with homespun anecdotes and sayings.

But Bennett is going against big odds. Faubus more than doubled the combined vote of two opponents in 1958 and says he is even stronger today. He points to Arkansas' progress in industrialization and to increase in teacher pay and welfare benefits what he considers the main accomplishments of his administration.

Bennett points to the state's population loss, and racial discontent, he says was caused by Faubus' failure to act "until the horse was out of the barn."

Both men have been filling numerous speaking engagements over the state for months, clearing the paths for the full-scale campaign which probably will not start until early June.

Meantime, both are cautiously watching for other possible candidates, perhaps a man who would run quietly with the hope of winning because Bennett and Faubus cross out each other.

One of the possible candidates is Dr. H. E. Williams, 46, president of Southern Baptist College at Walnut Ridge.

Williams said yesterday that Faubus' decision to seek a fourth term made it "much more likely" that he would throw his own hat in the ring. The educator had previously announced that he was contemplating a gubernatorial bid.

Plane Crashes Into Homes, Two Killed

INDIANAPOLIS, Ind. (AP)—An Air Force T33 jet trainer, named as it circled Weir Cook Municipal Airport after missing its first approach and crashed into two houses late Wednesday, carrying two officers to their deaths.

The pilot and his passenger ejected their seats or were thrown from the plane as it hit the houses, half a mile northeast of the airport at the edge of Indianapolis.

The victims were Maj. David F. Cooper, 38, Wheatland, Ore., and Lt. Lloyd Cogdall, 27, Clovis, N.M.

Lt. Pritchett, 72, and a tenant, Larry D. Crabtree, 19, were trapped temporarily in the wreckage of one house, but they suffered only cuts and bruises.

Officials said the plane had been waved off on its first landing attempt and apparently ran out of fuel. Witnesses said the engine quit suddenly.

Ten Indicted by Garland Jury

HOT SPRINGS, Ark. (AP)—The Garland County Grand Jury has finished a sweeping investigation of county business that resulted in indictments against the county judge, the county collector and eight other persons.

The jury handed down on new indictment yesterday as it submitted its final report to Circuit Judge P. E. Dobbs. Name of the persons indicted was not released pending serving of a warrant.

The report said some county offices appeared to be run by custom rather than by law. Dobbs discharged the jury after receiving the report.

New Twist on Wearing the Green

PARAGOULD, Ark. (AP)—Radio announcer Ken Bock gave "The wearing of the green" his own twist on this St. Patrick's Day.

For a gag, the KDRS announcer let the girls at Letha's Beauty Shop dye his hair green.

When he saw the result, he inquired anxiously if the dye would wash out. The beauticians assured him a shampoo would take care of it.

Ted Rand, the announcer's boss, promised a dinner treat if Bock would keep his greenery all day.

Sure, and what else could an admirer of the good saint do.

Reds Object to Test Ban Talks

GENEVA (AP)—The Soviet Union raised objection at the nuclear test ban talks today to the U.S. Atomic Energy Commission's proposed nuclear test for peaceful purposes.

Soviet delegate Semyon K. Tsarapkin told the 187th meeting that announcement of the proposed test would have a "regrettable effect" on the negotiations. His protest was moderately worded, and caused barely a ripple during a discussion of staffing inspection flights of the proposed international control system.

The Atomic Energy Commission announced it planned to set off a small scale nuclear device some time next year, 1,200 feet underground in a New Mexico salt mine to provide scientific information on the long-range shock waves set up by small underground nuclear blasts.

State Rights Party May Pick Faubus

LAFOLLETTE, Tenn. (AP)—The States Rights Party may pick its presidential and vice presidential candidates at its national convention Saturday at Dayton, Ohio, the party chairman said today.

Arthur Cole, Lafollette insurance agent, said Arkansas Gov. Orval E. Faubus and retired Adm. John Crommelin of Montgomery, Ala., had been mentioned as possible candidates.

"So many members of the party have mentioned that I think their names will be presented to the convention," Cole said.

Cole said the party advocates "states rights and the preservation of the constitution."

CHAPTER XXII

A little frown creased Ruth's forehead. "You've quarreled with Paul."

"It wasn't a quarrel."

"But you don't like him?" She paused. "He told me about your—your trouble."

"Anger swept Bokker. "He told me about your—your trouble."

"Anger swept Bokker. "He told me about your—your trouble."

"No," Ruth said quickly. "He didn't make you out any villain."

"Do you?"

"Someone's done something terrible to you. It's only natural that you want revenge."

"Bokker shook his head. "I'm not seeking vengeance."

"Someone wronged you and you want to bring him to justice. Isn't that what you're trying to do?"

"No," Bokker said. "It's not as simple as that. I saw a lot of war. I saw things happen that were not right. And yet they weren't wrong. It was war. What Quantrell and his men did in Lawrence wasn't war. It wasn't right by any conceivable standards, by any rules of civilization. They looted and destroyed an entire town—they murdered almost 200 men; they made a 150 widows and twice that many orphans. It was murder of the foulest kind. The men who committed it should be made to pay for their crimes."

"You think every man who was with Quantrell should be executed?" Bokker asked.

"No," Bokker said. "It's not as simple as that. I saw a lot of war. I saw things happen that were not right. And yet they weren't wrong. It was war. Ike Against Violence in Rights Fight

WASHINGTON (AP)—President Eisenhower said today that violence in any form will not advance the cause of civil rights for minorities in the South.

Eisenhower told his news conference he believes there are excellent proper and constitutional demonstrations that can be made by minorities to show their aspirations and desires for equality.

But the President said he does not believe violence in any form advances the cause of those seeking equality. Neither, he said, does he condone violence against those in the minority.

Eisenhower set forth his views on the demonstrations as House civil rights quarterbacks worked for a decisive vote today on a related matter — a voting referee provision in a general civil rights bill.

Eisenhower was asked to comment on what a reporter called the "Gandhi-like" demonstrations of Negroes who have seated themselves at lunch counters in protest against segregation.

Eisenhower replied it is difficult to give a sweeping judgment. He said some demonstrations are unquestionably proper, but others can be classified otherwise.

The President went on to say he is deeply sympathetic with the efforts of anyone to enjoy the rights of equality given to him under the Constitution. As long as a person is expressing his aspiration for these rights in a perfectly legal way, Eisenhower said, he is justified in doing so.

Both Battles Have Item in Common

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — The common fight against a civil rights bill and the 10-nation disarmament talks which opened in Geneva Tuesday have one thing in common: a filibuster.
The disarmament talks are just the latest in a series. Some of the people doing the talking at Geneva are new. But the spirit is the same. The West and the Communist world got into a cat-and-dog fight right at the start.
The West sent the Communists a copy of its disarmament plan Monday, on the eve of the opening, so they could examine it. They did. Valerian Zorin, the Soviet Deputy foreign minister, opened the talks by denouncing the plan. It can hardly be called new. It's a collection of previous Western proposals based on this central idea: that before there can be any real disarmament there must be fool-proof inspection system to prevent cheating.
Premier Nikita Khrushchev presented the Communist plan last Sept. 18 when he was in this country and addressed the United Nations. He wanted disarmament in four years. The West offered no time limit.
But Khrushchev talked of disarmament first and a control sys-

tem next. The West wouldn't buy that. It isn't likely to buy it now. The Soviets have looked on the West's proposed inspection system as a kind of spy network.
So the much is predictable:
1. The two sides will haggle, getting nowhere, at least until the end of the summit meeting which opens in Paris May 16.
2. Since there is great skepticism the summit will accomplish anything, the disarmament talks are hardly apt to pick up speed after the summit.
3. Judging from past performances, the two sides may still be talking a year from now.
It's important for both—in the eyes of the rest of the world—not to slam or appear to slam a door on disarmament altogether.
So what seems reasonable to expect is a group of grown men haranguing one another days on end, with neither side really leading.
Perhaps the best thing that can be said for the disarmament talks at this point is that at least the West and the Communist world are sitting down together, talking, which seems to be an improvement on previous frozen faced silence.

Formal Protest

HAVANA (AP) — The Cuban government has received a formal U. S. protest against Prime Minister Fidel Castro's implication that American officials were responsible for a mysterious ship explosion in Havana harbor March 4.
There was no immediate comment on the State Department note, delivered Tuesday by the U. S. charge d'affaires, Daniel M. Braddock. The State Department in Washington declined to disclose the contents.

China Bomb Unlikely

NEW DELHI (AP) — Prime Minister Nehru said today he considers it unlikely Red China will explode an atomic bomb March 28, as reported by a member of India's Parliament, Dr. Raghuvendra (no first name), who claims to have wide contacts in China, told the upper house March 8 the Chinese Communists would set off the bomb with Soviet help March 28 near Urumchi, Sinkiang province.

Narcotics Seized

BOSTON (AP) — A half-pound of pure opium and two pounds of hashish were seized by customs agents Tuesday. The agents said the drugs—both powerful narcotics—were discovered during a search of the American Export Lines freighter Exminster. They said the drugs were smuggled aboard at an unnamed Indian port.

Cold Helps Syrup

ALBANY, N.Y. (AP) — A short but high-quality maple syrup season is forecast by the State Agriculture Department. Syrup production has been at a minimum because of extremely cold weather and heavy snow accumulations since mid-February.

Money Still Tight in Home Building

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Money may be less tight in other fields but many home builders still find a mortgage hard to come by.

And the official guess is that this year may see about 100,000 fewer housing units than last year. This would mean a total of about 1 1/4 million units.

But the Census Bureau reports that housing starts are running behind that annual rate.

Although building usually picks up in February, the Census Bureau says that this year it fell to 74,400, a drop of 400 from January. On a seasonally adjusted basis this would put February's performance at an annual rate of 115,000.

Some builders blame the late winter this year. More are pointing a finger at tight money.

Money has been easing since the first of the year. But Norman Mason, federal housing administrator, says it takes time for money to turn an easing money situation into new building plans and operations.

Bankers hold out the home that still more money will be available for mortgage financing as the effects of higher interest rates spread. Bankers say the reason money tightened up in some forms of home financing, chiefly the government insured ones, is that interest rates were too low and investors put their money to work elsewhere. With the raising of mortgage costs, more money is flowing that way.

For the conventional mortgage—the one not backed by the government—rates are now running as high as 6 per cent in New York and New England, and better than 7 per cent along parts of the West Coast. In almost every part of the nation rates are higher than a year ago.

Costs of carrying a mortgage backed by the Federal Housing Administration and the Veterans Administration often rise above the interest rates set by those agencies within limits set by Congress.

This is because many lenders discount the loans — your bank reads \$10,000, say, but you actually get \$9,500 or less and pay interest on the face amount of the loan.

Many lending institutions refuse to buy 1960 as a declining year, at least not for them. The U.S. Savings & Loan League says its members as a whole should have more money to lend because savings are still rising. These associations, the league says, have the largest single share of the home mortgage market.

Government agency data tend to offset the Census Bureau's report for February. The FHA says applications for mortgage insurance on new homes rose 30 per cent in February. The VA says requests in February for appraisal of new home plans increased more than for any month since June.

Planes Collide

TOKYO (AP)—A Japanese airliner carrying 28 passengers and a Japanese air force Sabre jet collided tonight on the runway at Komaki air base, in central Japan. Three passengers were reported dead and 19 injured. Five of the injured were reported in serious condition.

A spokesman for All Nippon Airways in Tokyo said a DC3 of the line landed on the runway after a flight from Tokyo and was turning to go to the unloading area when the Sabre jet crashed into its tail.

Part One of Murray Show Tame Affair

By FRED DANZIG
United Press International

NEW YORK (UPI)—Part one of Arthur Murray's all-star picture, throwing at Bob Hope was a tame affair.

The Hope roast, or unsaluted, featured a number of personalities — such as Jayne Mansfield, Jane Russell, Dorothy Lamour, Alan King, Cliff Arquette and Rocky Graziano.

Hope is donating his \$100,000 fee for the two-part party to an eye research fund. Another way the show serves humanity is in causing some changes to be made in the usual format of the Arthur Murray show. What I mean is it is helping to keep Kathryn off-camera. It's costing Hope \$100,000, but think of the good he's doing.

A show that sets out to roast someone should contain steady bits of irreverence and stimulating, though harmless, stunts, unfortunately, while many, many jokes were used up Tuesday night, most of them could have been aimed at any public figure. They weren't personalized enough. Only when Misses Lamour and Mansfield delivered some special song material did the roast begin to sizzle a little.

The show really came alive, ironically, when Hope delivered his rebuttal. "I was wondering when the entertainment was going to start," said Hope. He said he felt "like Sen. Kennedy at a Nixon rally," and, in general, unloaded a fine stream of laugh lines with his exceptional skill. If the rest of the gang had Hope's approach, the roast would have been a rare comedy treat. It turned out to be too much like "This Is Your Life," without the Klemex.

Continued next week, again on NBC-TV.

Plane Falls, 5 Aboard Are Unhurt

ELV, Nev. (AP)—Wind, snow and ice smacked a light airplane onto the slope of a Nevada mountain, but all five aboard survived and were rescued after more than two days of sub-zero weather.

A helicopter from Hill Air Force Base in Utah brought the five — all members of the same family — from the snowy mountain to the warmth of this community. It was a difficult task.

Wes Stoddard, 50, a veteran bush pilot from Anchorage, Alaska, was pilot of the downed plane.

He told newsmen the plane, flying in poor visibility, had just cleared a mountain when it was caught in a downdraft.

He panicked the small, twin-engine plane into the snow.

A physician at the Elly Hospital said Stoddard and his wife Helen, 49, suffered serious but not critical injuries.

The other three persons were less seriously hurt. They were the Stoddards' daughter, Mrs. Horace Cumbie, 28; her son, Randy, 6; and Mrs. Joseph V. Lee, 70, of Heyburn, Idaho. Stoddard's aunt, Ariz., to help Stoddard's mother celebrate her 80th birthday.

The hour ended with the five tunes nominated for Oscars in this year's contest. For the record, I'm rooting for "Strange Are The Ways Of Love," even though we all know "High Hopes" has it sewed up.

The Channel Swim: Some more On Thursday, April 7, NBC-TV's old "Steve Canyon" series replaces "The Gale Storm Show" on ABC-TV and "Colt 45" replaces "Philip Marlowe" starting Tuesday, April 5. "Broken Arrow" will move into "Colt 45's" old Sunday slot on April 3.

A CBS-TV Western "The Texan" has been acquired by ABC-TV for its fall daytime schedule. Also moving to ABC-TV next fall will be the Saturday college football games previously covered by NBC-TV.

Arlene Francis will run "The Jack Paar Show" next week while Paar tapes five shows in London for viewing the week of March 28.

Contrary to published reports, Gwen Verdon is not going to appear in CBS-TV's April 22 "Playhouse 90" drama about mental illness. Producer Fred Coe reports the cast has been lined up.

"Oscar Night In Hollywood," a half-hour backstage look at who will precede the main event, Tony Randall and Betsy Palmer will be wearing what for NBC-TV, April 4 "Oscar Awards" telecast, run the preview.

Adlai Interested

BUENOS AIRES, Argentina (AP)—Adlai E. Stevenson says he is interested in becoming U. S. secretary of state—if conditions are right.

He was asked Tuesday night about talk he might be named to this job if a Democrat is elected president. Stevenson was twice defeated for the presidency but has said he does not seek a third nomination.

Okays Marriage

LONDON (AP)—Queen Elizabeth II formally gave her permission today to the marriage of her sister, Princess Margaret, to Anthony Armstrong-Jones. The Queen's approval of the May 6 marriage is a formality under the provisions of the Royal Marriages Act, a statute limiting persons in the only two production numbers she showed a lot of the old "ip-ahm-Dee-Dee-Dah" if I may drop a nation.

One in Eight Americans Are Irish

By HAL BOYLE

NEW YORK (AP)—At least one out of every eight living Americans is connected by birth or ancestry to a small island across the sea called Ireland.

On St. Patrick's day they like to wear the green again in prideful acknowledgment of their heritage—all 20 million or more of them.

Many a man who sports a shamrock on his lapel today is unfamiliar with troubled Ireland's long struggle for unity and self-rule. But a bit of Irish history is roared in scores of family names now common in America.

Here are the meanings of some well-known Irish names:

Height—One who was diligent.

Barrie—One who came from the Begley—Grandson of the little pool.

Bolger—Light-complexioned; one who made leather bags.

Bourke or Burk—Dweller near the stronghold or fortified place.

Grady—Spirited.

Brennan—Grandson of the raven.

Brody—Fragment; one who came from a muddy place.

Callahan—Contention.

Carey—Grandson of the dark-complexioned man.

Cassidy—Curly haired.

Cavanaugh—Comely.

Clancy—Ruddy warrior.

Connell—High or powerful.

Dempsey—Proud.

Deegan—Black head.

Donohy—Humane.

Dever—Successful one.

Dillion—Spoiler.

Doyle—Grandson of the black foreigner.

Duffy—Black.

Egan—Son of fire.

Enright—Unlawful.

Gallon—Ruler.

Pinnegan—Fair.

Planagan—The little ruddy man.

Gaffey—Rich in cattle.

Gary—Hound or hunting dog.

Gillespie—Servant of the bishop.

Gleason—The little green man.

Haggerty—Unjust.

Hillman—Handsome or beautiful.

Garland Co. Grand Jury Discharged

HOT SPRINGS, Ark. (AP)—The Garland County Grand Jury was discharged today after issuing three new indictments and a series of recommendations.

The indictments were against one person and all charged embezzlement.

The name was withheld pending the serving of warrants.

The grand jury report to Garland Circuit Judge P. E. Dobbs included these findings and recommendations:

● That some of the county offices are run by "custom" rather than by statute.

2. That the federal Internal Revenue Service investigate whether former County Tax Collector Ray Owen owes additional income taxes.

3. Prosecuting Atty. Walter J. Hebert be given an additional assistant to help clear up the workload caused by the jury's investigations.

● That the incoming grand jury be kept informed about an audit under way in the tax collector's office.

5. That consideration be given to increasing the Hot Springs police during the racing season.

6. That county judges buy only new equipment when acting as purchasing agent for the county.

A new grand jury will begin hearings in Hot Springs March 28.

The outgoing jury investigated the tax collector's office, the county judge's office and the police force.

Owen was among several persons indicted by the grand jury. He was charged in effect with misconduct.

The jury also indicted County Judge H. C. (Dusty) Warren for alleged misconduct. He was suspended by Dobbs, and Gov. Orval Faubus appointed J. M. Lowery as acting judge.

Segregation March Group Appeals

LITTLE ROCK (AP)—Nineteen persons charged with violations in a segregationist march on Central High School appealed today from a judge's denial of their requested change of trial venue.

The 19 were charged with loitering and other violations stemming from the march last Aug. 12, the day Central opened with open desegregation.

Police and firemen broke up the demonstration by some 200 persons before the marchers reached the school.

Municipal Judge Quinn Glover last fall rejected a petition to have trials of the 19 held outside of Little Rock. Glover was upheld by Pulaski Circuit Judge William J. Kirby.

Today the group appealed to the Arkansas Supreme Court.

George Bernard Shaw observed that "all great truths began as blasphemies."
